PROFESSIONAL EXPERIENCE

ITX Digital Services Private Limited, Sri Lanka

Jan 2026 – Jul 2026

Intern – Full Stack Developer

- Built and maintained full-stack web features using React.js, Node.js, and MySQL.
- Integrated payment gateway solutions for client-facing e-commerce applications.
- Collaborated with senior developers on RESTful API design and implementation.
- Contributed to UI development using React, ensuring responsive design across devices.
- Led a team-based group project using Git for version control and collaborative development; architected and deployed a full-stack application with React, Node.js, PostgreSQL, Redis, and Docker, managing branching workflows and code reviews across the team.

PROJECTS

Future Minds Learning Management System

React.js, Node.js, MySQL, VS Code

- Developed a comprehensive LMS featuring OTP authentication and password hashing for secure access.
- Implemented role-based access control (Admin, Student), MCQ evaluation engine, and dual-mode payment processing.
- Built an admin control dashboard for course and user management. ([HirushiDivya/LMS-Future Minds-](#))

Security Gateway Middleware

C#.NET, Visual Studio, Cloud Database

- Designed an IAM system with HWID device binding to lock accounts to specific machines, preventing credential sharing.
- Integrated OTP authentication and password hashing for enterprise-grade security. ([HirushiDivya/SecuriyMiddleware](#))

LearnX Learning Management System

MERN Stack | Spring Boot | GitHub

- Built a full-featured online learning platform with course enrollment, progress tracking, and admin management.
- Implemented in two versions: MERN Stack ([HirushiDivya/LearnXLearning-Platform-MERNStack](#)) and Spring Boot ([HirushiDivya/LearnX-Springboot](#)).

Elder Care Platform – Mobility Support Module

MERN Stack | GitHub ([HirushiDivya/LearnX_MERNy3s1](#))

- Built a caregiver-focused medication logging app with a clean interface featuring large buttons and clear typography for elderly users. ([HirushiDivya/IT Project mobility support](#))

Kagu Flower Shop – E-Commerce Storefront

React.js, Node.js

- Designed a premium e-commerce storefront for luxury boutique florists with full responsiveness across mobile, tablet, and desktop.
